**CHIME IN THE HOLIDAYS WITH ART FROM RECYCLED MATERIALS!!**

PARK CITY – What’s better than homemade holiday gifts? And what’s better than using recycled materials to make those gifts?

“Nothing!” according to artist and teacher, Kathleen Briley, who will be conducting a Wind Chime Making Workshop at Recycle Utah on Thursday December 3<sup>rd</sup> from 4 until 5:30 pm.

Bring light and sound to your holidays, or to someone special on your list, by creating a beautiful wind chime from our treasure trove of recycled copper pipe, colorful tumbled glass, shimmery beads, copper and aluminum wire and other musically inspired reclaimed materials.

This community workshop is for all ages, children under 8 must be accompanied by an adult. Pre-register early – space is limited.

The workshop is free with a \$5 donation to Recycle Utah for materials!

For more information on how you can be a part of this chime making event, call Recycle Utah at 649-9698 or go to [www.recycleutah.org](http://www.recycleutah.org).
